HEAVY DUTY 'RHINO TUFF' PLASTIC BINS

With a lifetime guarantee, these plastic bins will perform in any environment time and time again.

Their strong robust design and shock proof plastic make these bins ideal for heavy duty industrial applications. The quality and ergonomic design means all our plastic bins can be stacked securely or hung on louvre panels or rails making them efficient in any small part picking environment.

They have a large identification area as well as a large open picking face, meaning the contents are easily identified and picked. With 9 sizes to choose from plus a range of wall panels, racks, trolleys and shelving bays.

- **Small parts storage solution**
- **Made in tough shock proof plastic**
- **Lifetime guarantee**
- **Robust and ergonomic design**
- **Bins in 9 sizes, four colours**
- **Guaranteed delivery in 5 days**

Our range of 'Rhino Tuff' Plastic Bins come with a Lifetime Guarantee

Includes 915 x 457mm louvre panel with 3 x ARTB70

Check out our fantastic range of shelving systems that are ideal for storing bins.

Efficient way to organise high density small part picking walls

LOUVRE RACKS

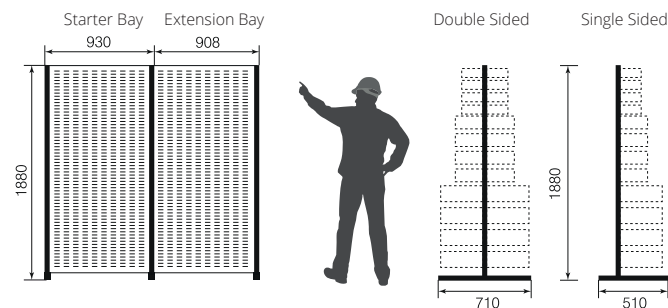

Our range of louvre racks provide an efficient way to organise small parts bins which include every size for our Rhino range.

The racks provide a simple way to organise small part storage bins, providing a high density storage solution whilst maintaining an efficient way to retrieve items from the picking face.

The frames are made from strong box section profiles finished in light grey RAL 7035 and the louvre panels from hard wearing galvanized steel.

Best mobile solution for small parts picking

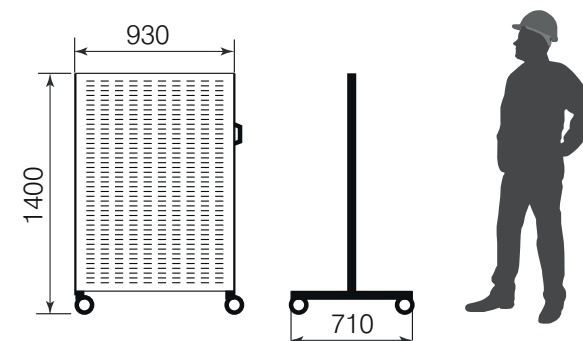

LOUVRE TROLLEYS

Save wasted time travelling to items stored in static shelving installations by putting all your small parts storage bins onto our Louvre Trolleys.

Each trolley has been designed to perform to the highest standards with a robust frame design and tough galvanised louvre panels. Each unit comes with an ergonomic plastic handle so the unit can be comfortably moved. The trolley is fitted with heavy duty swivel castors, that offer ease of movement. Two of the castors are braked, which means the trolley can be secured when not in use.

Rhino Tilt Bins are built with robust, high-impact polystyrene, providing security to items inside

TILT BIN FRAMES & STANDS

Tilt Bins are designed to be wall mounted using the special wall mounting frame kit or be mounted on a self supporting, single or double sided stand.

Tilt bins with retaining bars are ideal in any situation where the tilt bins need to be secured such as Vans & mobile work areas but can also be unsecured quickly for easy access.

Retaining bar

How to affix Tilt Bins on Vertical Frames

1. Having removed the Tilt Bin, insert the screw corresponding to the screw holes in the Tilt Bin Cabinet.

3. Interlock the cabinets by sliding front to back. Then insert the fixing plates into the vertical frame.

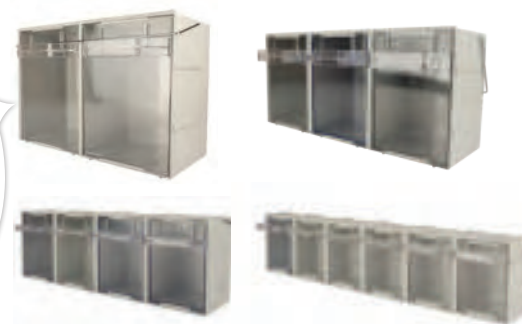

2. Screw into the Fixing Plate on the back of the Tilt Bin Cabinet.

4. Once in place tighten the screws to affix the Tilt Bin cabinet to the vertical frame.

Tilt Bins with Retaining Bar ideal for Van Kits & Mobile Work Areas

Code	Description	Qty & Bin Type
RTB1VK	Tilt Bin Kit 1 with Retaining Bar	6 x RTB1
RTB2VK	Tilt Bin Kit 2 with Retaining Bar	4 x RTB2
RTB3VK	Tilt Bin Kit 3 with Retaining Bar	3 x RTB3
RTB4VK	Tilt Bin Kit 4 with Retaining Bar	2 x RTB4

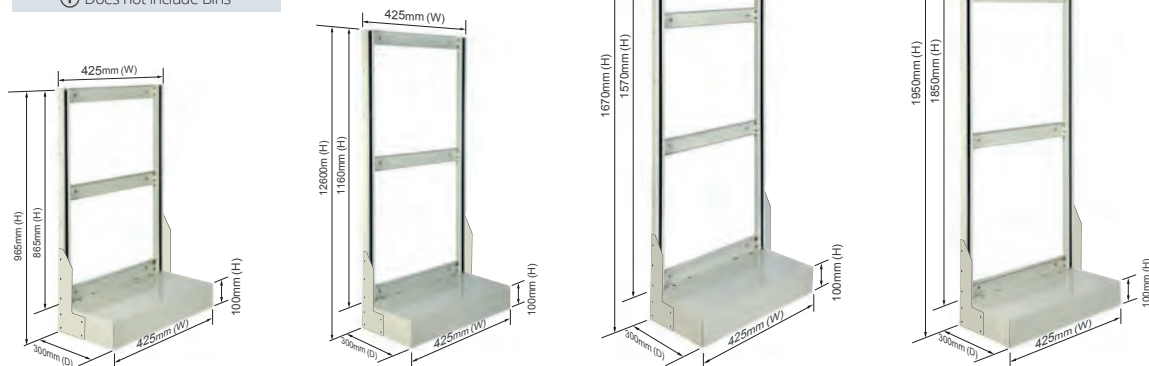

❶ Use Rhino Tilt Bins as a self-supporting structure by stacking or interlocking bins

Configure your own kit by selecting your frame & bin type

SHELF TRAYS

Our range of shelf trays are designed for strength and ease to use at a competitive price.

Our shelf trays feature a spring loaded shelf stop at the back of the tray. This means the tray can be withdrawn from the shelf and suspended offering around 90% clear picking. This stop also acts as a handle to make it easier to carry.

With shelf trays available in 3 depths, 2 widths and 2 heights any configuration can be designed to offer the maximum high density storage solution. Trays can be sub divided from left to right and all trays and dividers come with labels.

- **Improved strength and rigidity**
- **More ergonomic features**
- **Sprung loaded shelf stop**
- **Can be sub divided**
- **High density storage system**
- **Offers fast retrieval times**
- **Large range of sizes**
- **Goods are kept clean**
- **Better product identification**

Price includes complete Kanban bay with 3x sloping shelves, top and bottom shelves. Euro containers shown not included!

Kanban Shelving with 5 Sloping Shelves

Description	H x W x D (mm)	Code
Kanban shelving no bins	1830 x 915 x 610	RRKB01/MT
Extra shelf (no bins)	915 x 610	RRKB/0906

Price includes complete Kanban bay with 5x sloping shelves, top and bottom shelves.

KANBAN SHELVING

Rivet Racking Kanban is our solution for production line-side supply systems, where sloping shelves present containers for easy access and at the right height for operatives.

This can reduce costs and increase efficiency for manufacturing operations or inventory management. The two bin arrangement simplifies stock rotation and replenishment. When the front bin is removed the bin behind takes its place, leaving a space that is clearly identified for refilling on the next inspection.

KANBAN SHELVING

Highly configurable divider system

Semi-open Fronted

SHELF BINS

If you need a strong, robust and versatile bin storage solution, at a competitive price – then look no further.

Our new range of Shelf Bins have been designed to offer a range of bins in “Big Sizes” for storing large parts or increased volumes. They can fit both small parts shelving systems as well as larger bays, such as Rivet or Longspan.

They have many new features, such as internal dividers that securely locate in up to 7 different locations. There is also an integral back stop allowing the bin to be suspended out from the shelving, for ease of picking.

With a semi-open front and a large labelling area below, ensures items can be identified quickly. The bins are available in Blue shockproof plastic and can be nested when not in use to save space.
