

# PowerBox Charging Lockers

Secure charging of phone, laptops, tablets,  
batteries and power tools

# Probe

# PowerBox Charging Lockers

## The Probe PowerBox Charging Locker range delivers a reliable solution to the growing need for safe, secure charging of valuable equipment in busy workplaces.

Designed for laptops, tablets, phones, radios, body cams, and other portable devices, these lockers combine robust security with versatile charging options to keep essential tech protected and ready to use.

PowerBox Charging Lockers eliminate the hazards of trailing cables and the risk of theft at open power points. Simply position\* the fully portable unit in a convenient spot, plug it into a standard power outlet, and it's ready to go—no complex installation required.

Ideal for universities, schools, warehouses, offices, hospitals, and other high-traffic environments, they offer peace of mind wherever devices need to be stored and charged.

Manufactured to the highest standards with a UKCA / CE certified spine, Probe PowerBox Charging Lockers meet all relevant UK and European safety and performance regulations—so you can charge with complete confidence.

## ACTIVECOAT

All painted components are protected with a powder coating which incorporates ActiveCoat anti-bacterial technology.

### Important note regarding PowerBox Charging Locker installations

\*Single lockers should be fixed back to a wall mounted on battens. Lockers are supplied with mounting brackets to keep lockers a fixed distance off the wall.

# Single or Multi-door Options

**MADE IN  
BRITAIN**

**Multi-door**

**Single-door**

## Sizes for all your devices

Choosing the right size for your charging and storage needs.

**Please note:** USB charging sockets are not suitable to charge laptops, a 3 pin plug must be used.

300 x 300mm

300 x 450mm

380 x 450mm

450 x 450mm

Highly durable textured paint finish in a wide range of door and body colours- **see page 8**

Door air vents help create air flow through the locker helping to minimise heat build-up during charging

A choice of 3 lock types and the option to add disc numbering- **see page 6**

# Charging for **Personal Electronic Devices**

**Compact yet robust, PowerBox Charging Lockers are purpose-built to keep smaller devices safe, fully charged, and ready to use. Perfect for busy environments where security, accessibility, and ease of use are essential.**

- Ideal for charging and securing laptops, tablets, phones, body cams, radios, and other mobile devices
- Power spine helps eliminate trailing cables
- Fully portable – simply place, plug in, and power up
- Each compartment fitted with its own socket
- Durable steel construction with secure locking options
- UKCA / CE certified spine meets UK safety requirements
- Backed by a 7-year warranty for lasting performance. See T&C's for full information

## **Important note regarding PowerBox Charging Locker installations**

\*Single lockers should be fixed back to a wall mounted on battens. Lockers are supplied with mounting brackets to keep lockers a fixed distance off the wall.

**16 compartment  
single-door**

**All lockers available as  
non-charging storage lockers  
without rear vents**

Half height lockers (960mm high) provide 8 compartments for secure storage of small but valuable possessions in public areas and throughout the workplace.

| Height - 960mm |          |
|----------------|----------|
| Width mm       | Depth mm |
| 300            | 300      |
| 300            | 450      |
| 380            | 450      |
| 450            | 450      |

**8 compartment  
multi-door**

**8 compartment  
single-door**

With the spine being centrally location, plugs with different orientations can be used

USB A & C sockets ensure you have the right connection

**ACTIVECOAT**

All painted components are protected with a powder coating which incorporates ActiveCoat anti-bacterial technology.

# Charging for **Larger Items, Tools & Batteries**

**Designed for heavy-duty workplace needs, these PowerBox Charging Lockers provide safe, secure storage and charging for bulkier tools and specialist equipment. Ideal for environments where performance, durability, and safety are essential.**

Suitable for secure charging of batteries, power tools, body cams, bar scanners, and emergency services equipment

- UKCA / CE certified spine meets UK safety requirements
- 2 off sockets per compartment in 4-door locker, 1 off per compartment in 8 door locker
- Strengthened solid doors with ventilation and rubber buffers for noise reduction
- Pre-drilled for easy nesting with additional lockers. Nesting bolts available separately

Four door lockers are supplied with 2 sockets per compartment

**All lockers available as non-charging storage lockers without rear vents**

**MADE IN BRITAIN**

| Height - 1800mm* |          |
|------------------|----------|
| Width mm         | Depth mm |
| 300              | 300      |
| 300              | 450      |
| 380              | 450      |
| 450              | 450      |

\* Height rises with sloping top - see page 5

**4 compartment multi-door**

## Lock options

### Type A – Probe cam lock

The standard cam lock has a micro sprung 10 disc lock featuring a massive 2000 serial combinations - all exclusive to Whittan. Two keys are included with each standard lock.

### Type B – Hasp & staple

Attractive design allowing easy use of padlock. Transfers responsibility for locking to the user. The user requires a padlock (not supplied) with a shackle diameter of 7mm.

### Type P – User re-programmable combination lock

An effective 4 digit code combination lock with 10,000 possible combinations, making losing keys a thing of the past. Suitable for multi user applications. Master override key sold separately. Not available on 16 door locker.

**4 compartment  
single-door**

**8 compartment  
multi-door**

**8 compartment  
single-door**

## Accessories

| Sloping top height |                   |
|--------------------|-------------------|
| Locker depth       | Additional height |
| 300                | 125               |
| 380                | 158               |
| 450                | 187               |

Sloping tops prevent items and litter being left on locker tops and makes cleaning easier. Sloping Tops have a 22° upward slope from front to back which will add height to your locker. This varies according to the locker depth.

Locker stands provide maximum floor access raising lockers 150mm off the floor.

Units are 400mm high and come complete with adjustable feet.

Plastic number plates with white backgrounds and black lettering with up to 4 digits. Fits into plastic holder plate on locker door.

Nesting bolts can be purchased to create a sleek run of lockers. Supplied in packs of 25.

# Colours and Code Structure

## Colour Options

ActiveCoat antimicrobial technology is incorporated into all our lockers at the time of manufacture, offering constant protection against a wide range of bacteria.

### Body colour range

Choice of 3 body colours.

### Standard door colour range

Choice of 7 door colours.

### Autumn door colour range

Choice of 5 door colours.

Please note that due to printing restrictions colours represented may differ from original product. We recommend you request a colour swatch before ordering.
